

Day 1				
Session or Paper Title	Affiliation	Location	Region	Presenter Name
Opening Session, Day 1 Room 1, (KST) 9:00 ~				
Opening remark from the Local Organizer	Kyungpook National University	S.Korea		Sungjoo Lee (Dr.)
Greeting Remark from the President	Indiana University of Pennsylvania	US / E		Fransis Allard (Dr.)
Greeting Remark from the Secretary	Stanford University	US / W		Katrinka Reinhart (Dr.)
Keynote Speech: Between the Past and Present: Transformations in Asian Archaeological Study	University of Pittsburgh	US / E		Katheryn Linduff (Dr.)
Keynote Speech: The late prehistory of Korea	Kyungpook National University	S.Korea		Sungjoo Lee (Dr.)
Liangzhu society of Neolithic China, Day 1 Room 1, (KST) 11:00 ~				
The Study on Prehistoric Ding Caldron-Shaped Pottery Yan Streamer with Septum in the Taihu Region	Northwest University	US / W	China	Na Li
A typo-chronological study of pottery from Liangzhu site and the Qiantang River left bank-estuary area and some implicatios	kyushu university	Japan	China	Chigusa Uchida
Burial pottery of Liangzhu culture	Fudan University	China	China	Xiaohan Zhao
The jade of the many: Jade objects inside non-elite tombs of the Liangzhu Culture	Zhejiang University	China	China	Tansis Darien Garcia Rubio de Ycaza
Inter-regional studies, Day 1 Room 1, (KST) 16:00 ~				
Buyeo and the Yeongsan River Basin during the Korean Three-Kingdoms period: A preliminary micro-archaeobotanical investigation on vegetation	Chonnam National University	S. Korea	S. Korea	Brian Li
The study of residential area during Balhae period	Korea University	S. Korea	S. Korea	Jeonghun Lee
A Study on the Flow and Consumption Patterns of Japanese porcelain in the Modern Era through the Excavations of HanyangDoseong	Korea University	S. Korea	S. Korea	Jiho Song

Structure and Technical System of the Lamellar Armor of the Han Dynasty From the 2nd century B.C. to the 3rd Century A.D.	Pusan National University	S. Korea	Korea/China	Seongho Kim
Migration and its evidences in archaeology: a comparison between Europe and Korea	Pusan National University	S. Korea	Korea	Valentina Pellizzaro
Defining Early Korea-Japan Relations through Mortuary Practices from the Late Fifth to the Early Sixth Century	University of Oxford	Europe /UK	Korea	Tanya Lee
Archaeology of gender in Chinese archaeology, Day 1 Room 1, (KST) 21:00 ~				
Analysis of the tomb in Daxi Site of Wushan from the perspective of gender archaeology	Chongqing Normal University	China	China	Chang Qin
A study of gender archaeology in the early Neolithic Age:Gender and gender inequality in central-south Shandng,China	Shandong University	China	China	Lang Jingzhen
From Classification, Space, and Time to Genderscape: gender and archaeology in China and revisit the genderscape of the Liangzhu Culture	New York University	US / E	China	Mi Wang
Spatio-temporal organization of tombs (Korea), Day 1 Room 2, (KST) 11:00 ~				
A New Approach to the Ruling Strategy in Baekje: Using Visibility Analysis of Tombs in the Yeongsan River Basin in the 5th and 6th Centuries	Chonnam National University	S. Korea	S. Korea	Hyeonghoo Park
The forgotten hierarchy?: Social and temporal structure of low-ranking burials of Silla kingdom	Kyungpook National University	S. Korea	S. Korea	Jimin Park, Minbeom Kim
Spatial Organization and Landscape of Baekje Royal Tombs	Kyungpook National University	S. Korea	S. Korea	Youngjae Lim
A Study on the Stone Lined Tombs of the Goryeo period in Gyeonggi Province, Korea	Jeonbuk National University	S. Korea	S. Korea	InHae Ko
Archaeobotanical approaches to agriculture and society (China, Japan), Day 1 Room 2, (KST) 14:00 ~				

Alcohol production in south-central Inner Mongolia during Yangshao period: a case study on the Miaozigou site	Stanford University	US / W	China	Yahui He
Bronze Age (The Third Millennium) agriculture and crop processing in Qinghai, northwest China: archaeobotanical evidence from the Xindian Culture of Lajia site	Sichuan University	China	China	Han Fei (Dr.)
The agricultural structure and its influence factors during the Later Zhou Dynasty in the coastal areas of Jiangsu Province	Nanjing Normal University	China	China	Liu Zhen
Neolithic agriculture and the rise of the Walled settlement in Chengdu Plain: archaeobotanical evidence from Gaoshan site	Shandong University	China	China	Xiaobin Wang
Morphological Changes of the 'Chinese Five grains' upon Heating: An Experimental Archaeological Study	Shandong University	China	China	Yang Liu
Agriculture, the environment, and social complexity from the Early to Late Yangshao periods: Insights from macro-botanical remains in north-central China	Shandong University	China	China	Yaping Li (Dr.)
The Developmental Process of Agricultural Techniques in an Early Agricultural Society: A Comparative Study of Harvesting Tools in the Japanese Archipelago and the Korean Peninsula	Kyushu University	Japan	Japan/Korea	Mikishiro Matsuo
Preliminary Results of a Glasshouse Rice Growing Experiment: $\delta^{13}\text{C}$ and $\delta^{15}\text{N}$ Values as Indicators of Watering and Manuring Treatments	University of Oxford	UK	East Asia	Rubi Wu
Ceramic production (China), Day 1 Room 2, (KST) 21:00 ~				
The basic physical characteristics of potters indicated by handprints on the surface of tomb bricks from the Eastern Han Dynasty to the Southern Dynasty in Guangxi and Guangdong provinces	Wuhan University	China	China	Wei xuan
The Study of Technical Choices in Pottery Manufacture of the Ken-ting Culture in the Oluan-Pi I site	National Tsing Hua University	Taiwan	Taiwan	Tzu Yu Chen

Scientific testing research of the pottery weapon moulds unearthed from Ancient Capital City Site of the Zhu Kingdom	Shandong university	China	China	Puwen Song
Typology of Basket Pattern – A Reflection of Technology in Pottery Production	Harvard University	US / E	China	Jie Shen
The Exhibition of Power: Proto-porcelain Imitations of Bronze Vessels and Their Meanings in the Lower Yangtze (ca. 5th century BCE)	Columbia University	US /E	China	Shih-han Wang
East Asian diaspora archaeology, Day 1 Room 3, (KST) 11:00 ~				
Circulation in Four Walnuts from the Sarah Pike Conger Collection	Harvard University	US /E	China	Veronica Peterson
Microfossil Analysis of Archaeological Ceramic Residue at the Arboretum Chinese Labor Quarters	Stanford University	US / W	China	Jingbo Li
Consuming Japan in Santa Barbara: Towards a Diasporic Analysis of Material Culture	Stanford University	US / W	Japan	Koji Lau-Ozawa
When Old Boston was in the Basin: Ongoing Archaeological Research on Chinese Mining Sites in Southern Idaho	University of Idaho	US / W	China	Renae Campbell
Korean Diaspora Archaeology: Korean Diaspora in the Early 20th Century Western U.S.	Kyungpook National University	S. Korea	S. Korea	Jiyoong Lee
Feasting, music, and the senses (China), Day 1 Room 3, (KST) 17:00 ~				
Review on feasting pottery studies in China	Fudan University	China	China	Kexin Pan
Analysis of the Reasons for the Popular Use of Spices in Chang'an During the Period of Tang Xuanzong	Southwest Minzu University	China	China	Qian Liao
A Research on the Newly Seen Chime-Bells Arrangement System in the tomb of the State of Chu in Wuwangdun, Huainan, Anhui	Xiamen University	China	China	Yijie Mei
A Brief Study of the Late Shang musicians Seen in oracle and bronzes inscriptions	Xiamen University	China	China	Qinfei Chen
Tasting Tea Through Colour: A Sensory Archaeological Approach to Chinese Ceramics	University of Oxford	UK	China	Melody Li

Settlement patterns, state formation, social complexity (China, Taiwan), Day 1 Room 3, (KST) 20:00 ~				
Architectural Changes of Capital City Palaces in Ancient China: A case of Xianqin era capital cities	Korea University	S. Korea	China	Youngmin Jin
Agropastoralism, Shimao and Late Longshan Complexity	Fudan University	China	China	Edward Allen
Diachronic changes in settlement configuration and community organization of the indigenous Kucapungane tribe in southern Taiwan as seen through space syntax analysis	National Taiwan University	Taiwan	Taiwan	Chung Yu Liu
Economy, Sharing Strategy and Community Structure in an Early Neolithic Village of Chahai, Northeast China	Hebrew University	Israel	China	Dongdong Tu
Astronomy Archaeology from the Perspective of Semiotics: Trace to Civilization Origin of Sanxingdui	University at Buffalo, the State University of New York	US / E	China	Xinyan Chi
Day 2				
The Climatic, Demographic and Economic Influences on the Rise of Shimao in the North Loess Plateau, China	University of Oxford	UK	China	Ying Tung Fung
NO SUPPER FOR THE ANCESTORS: AN ANALYSIS OF SHANG UTILITARIAN MORTUARY CERAMICS AT DAXINZHUANG, JINAN	University of Toronto	Canada	China	William Harrison
The Emergence of Early Complex Societies in Western Tibet--the example of Dingdong, Jiwen and Kardong settlement sites	Sichuan University	China	China	Hailun Xu (Dr.)
The Grave Value Analysis and Stable Isotopic Analysis of Shangshihe Cemetery	Zhengzhou University	China	China	Rongyu Fu
THE ARCHEOLOGICAL LANDSCAPE OF WESTERN ZHOU : MOUND-LIKE SITES IN JIANGHUAI REGION, SOUTHERN CHINA	Wuhan University	China	China	Yixuan Hao
Household archaeology and daily life in Chinese and Korean archaeology, Day 2 Room 1, (KST) 11:00 ~				

Preliminary study on the production of pottery for daily use unearthed from miaodigou site	Wuhan university	China	China	Pengfei Li, Zichen Xie
Compositional study of household ceramic assemblages from a Late Neolithic (5300–4500 cal BP) earthen walled-town in the middle Yangtze River valley of China	Wuhan university	China	China	Shuai Yao
Applications of Micromorphology to Understanding Use of Space in Prehistoric Houses, South Korea: A case of the Hajung-dong site	Korea University	S. Korea	S. Korea	Dongju Park
Human-Rodent Relationship in the Hunting-gathering Society——a Case Study from Lower Depositions of Niupodong, Guizhou, China	Chongqing Normal University	China	China	Min Liu
Preliminary study on the production of pottery for daily use unearthed from miaodigou site	Wuhan University	China	China	ZichenXie
Public archaeology, collaboration and CRM in Korea and Japan, Day 2 Room 1, (KST) 14:00 ~				
The filp side of cultural resource management archaeology: Case study from Miho-river basin, Southern part of the Korean Peninsula.	Kyungpook National University	S. Korea	S. Korea	Heegeun Kim, Yae-eun Kim
Historical Development and Institutionalization of Cultural Heritage Management in the Republic of Korea	Kyungpook National University	S. Korea	S. Korea	Margaret NG'ANG'A
Taking the First Step: Community-based Responses to the Public Archaeology Initiatives Associated with the Hamanaka 2 Site, Rebun Island	Hokkaido University	Japan	Japan	Amanda Gomes
The Development of Collaborative Practices in Archaeological Heritage Management in Hokkaido"	Hokkaido University	Japan	Japan	Amanda Gomes
Memorial Session honoring Dr. Sarah Nelson, Day 2 Room 1, (KST) 17:00 ~				
Guided by the Spirit Bird: Sarah Nelson's journeys in East Asian archaeology	Sainsbury Institute	UK	East Asia	Dr. Simon Kaner
Sarah Nelson, Role Model & Friend	Durham University	UK	East Asia	Dr. Gina Barnes

Sarah M. Nelson, a Mentor, Colleague, and Friend in Four Decades	Chungnam National University	S. Korea	East Asia	Dr. Yangjin Pak
Remembering Sarah M. Nelson: Her lifelong contribution to the Korean Neolithic archaeology	Seoul National University	S. Korea	East Asia	Dr. Hyo-jae Im
Sarah Nelson: A Mind and Spirit That Could Not Be Curbed	University of Wisconsin Milwaukee	US/C		Dr. Alice Kehoe
Population, demography, settlement patterns, environment (East Asia), Day 2 Room 1, (KST) 19:00 ~				
Population fluctuations in Neolithic Korea: An SPD analysis of C14 dates	Chonnam National University	S. Korea	S. Korea	Jiwon Lim
Prehistoric Population dynamics in Korean Peninsular	Seoul National University	S. Korea	S. Korea	Yongje Oh
Systematic analysis on the settlement pattern and storage facilities of the Three Kingdoms Period, Southern part of the Korean Peninsula	Kyungpook National University	S. Korea	S. Korea	Hyunwoo Shin, Dongkyoon Kim, Eunyoung Jeon, Seonwoon Jeong
A Paleodemographic Investigation of the Middle Jomon Boom and Bust Population Pattern in the Kanto and Chubu Regions	Ritsumeikan University	Japan	Japan	Corey Noxon
How do settlement patterns reflect social organization and transformation? : A case study of the later Yayoi period southern Kanto region.	Kyushu University	Japan	Japan	Chuya Hoshino
The “Great Flood” and Archeological Evidence for Paleofloods in China	Heidelberg University	Germany	China	Jannika Newen
Stable Oxygen Isotopes and Seasonal Ocean Palaeotemperatures: Recent Results from Hamanaka II, Northern Hokkaido.	University of Oxford	UK	Japan	Tansy Branscombe
Kiln sites (Korea, Japan), Day 2 Room 2, (KST) 11:00 ~				
Sue ware Production Systems during the Ritsuryo State Formation period: A comparative case study in Northern Kyusyu, Japan	Kyushu university	Japan	Japan	Yuki Adachi

Long-term distribution of historic Kilns in the Korean Peninsula; focusing on the spatial attributes	Kyungpook National University	S. Korea	S. Korea	Seulae Kim, Semin Kim, Taehee Kim
A study on the Architecture remains and Workshop site of the Goryeo Celadon kiln site of Buan Yucheon-ri	Korea University	S. Korea	S. Korea	Hyungi Jun
A Study on the Characteristics and the Kiln Sites of Production of Buncheong wares Excavated from the Taesil in Seongju during the reign of King Sejong's reign of the Joseon Dynasty	Korea University	S. Korea	S. Korea	Sejin Ahn
A Study on the Diversity of Goryeo Celadon Technology genealogy through Goryeo Celadon kiln.	Korea University	S. Korea	S. Korea	Sun Kyoung Oh
Craft production and technology (Korea), Day 2 Room 3, (KST) 11:00 ~				
Understanding the process of technological transitions during the Late Paleolithic in Korea based on cultural transmission	University of Washington	US /W	S. Korea	Gayoung Park
Production, consumption, and networks: A comparative study of production system of the Red burnished pottery in the Bronze Age	Chungnam National University	S. Korea	S. Korea	Jeongeun Lee
An economic review of the appearance of Silla stamped-design pottery	Seoul National University	S. Korea	S. Korea	Hyunwoo Kim
Exploring the Building Technology Network in the Ancient Period of Korea	Seoul National University	S. Korea	S. Korea	Mirae Jo
The law of demand and supply: Analysis on the ceramic production system of Baekje kingdom, Central Korean Peninsula.	Kyungpook National University	S. Korea	S. Korea	Nochan Bae, Hyeonji Kim, Jutak Jang
The study of the iron farming tools in Goguryeo	Korea University	S. Korea	S. Korea	Dongkeon Lee
Experimental study of bone fracture	Nanzan University	Japan	Japan	Shunna Suzuki
Day 3				
Session	Affiliation	Location	Region	Name
Trade, exchange, and sourcing of materials (East Asia), Day 3 Room 1, (KST) 9:00 ~				

Trade and Entanglement in Precolonial Hokkaido: Presenting a theoretical model for the formation of the Okhotsk Culture	University of Washington	US/W	Japan	Erin Gamble
Maritime trade between Jeju Island and mainland polities in proto-historic Korea	Seoul National University	S. Korea	S. Korea	Matthew Conte, Jiyoung Park
Prospect of lithic sourcing research based on the subdivision of “Gero glassy rhyolite” in the central Japan	Nanzan University	Japan	Japan	Saki Murase
Characteristics and Distribution of Heishanling Site Turquoises	Fudan University	China	China	Li Xintong
Prehistoric land use of the lithic raw material source in central part of Japanese archipelago	Nanzan University	Japan	Japan	Satsuki Murai
A Study on the Artifacts related to the Western Regions of the Eastern Jin Dynasty and Southern Dynasties Periods, China	Korea University	S. Korea	China	Heetae Kim
Provenancing eastern Zhou proto-porcelain wares in the circum-Tai region	Nanjing university	China	China	Zeun Li
The Role of Tsushima in the East Asian Trade System - Foreign pottery excavated from Tsushima during the Yayoi Period-	Pusan National University	S. Korea	Japan	Jae-hyun Jung, Seul-ji Jang, Jin-eop Kwon
Scientific Analysis of Copper Artifacts Excavated from Sepon Mine, Laos	Sichuan University	China	SE Asia	ZiShu Yang
Burial practices (East Asia), Day 3 Room 1, (KST) 17:00 ~				
Paleopathological Analysis of Skeletal materials from Medieval (XII-XV) site Khorig Mountain, Mongolia	National University of Mongolia	Mongolia	Mongolia	Byambadorj Batsuren
How material things affected ancient people: space division and emphasized durability in Kannonyama Kofun	Seoul National University	S. Korea	Japan	Jinoh Kim
Cultural Contacts and Hybridization in the Proto-Historic Period Northeast Asia: The acceptance and transformation of wooden chamber burials by indigenous groups	Kyungpook National University	S. Korea	China	Yongchao Bao
The study of provincial hierarchy during Unified Silla period –Based on roof end tile-	Korea University	S. Korea	S. Korea	Seul Ju Jung

Breaking down Neuk-do Cemetery: Mortuary Practice and Social Dynamics during the Late Bronze Age, Korea	Chungbuk National University	S. Korea	S. Korea	Sung Hyun Park
Flexed Burial as an Identity Marker of Qin?	University of Oxford	UK	China	Shi Jie Zhu
Investigating the identity of the Late Kofun Period Ukiha-Kurume decorated tombs	Ca' Foscari University of Venice	Europe /Italy	Japan	Claudia Zancan
Ritual and religion (East Asia), Day 3 Room 2, (KST) 9:00 ~				
The Significance of the Sun in Kofun Period Japan	Martin-Luther-University Halle-Wittenberg	Germany	Japan	Doreen Thierfelder
Becoming Artifact: An Ontological Study of Buddhist Whole-Body Relics	Institut National de la Recherche Scientifique (INRS)	Canada	East Asia	Lily-Cannelle Mathieu
A Study on Ring Ditches of Bronze Age in Hoseo Area, South Korea	Korea University	S. Korea	S. Korea	Jeongmi Son
3D analysis of stone implements in the Jomon period	Nanzan University	Japan	Japan	Tomoyasu Oka
Chasing Ghosts: The motivations and purposes for the construction of religious rock carvings in Southern Sichuan	Peking University	China	China	Francesca Monteith
Buddhist Archaeological Assemblage of Early Sixth-Century Sichuan	The Chinese University of Hong Kong	Hong Kong	China	Zelan Liu
Craft production and social organization (China), Day 3 Room 2, (KST) 17:00 ~				
Morphological standardization and ceramic specialization : a case study of pottery from Taosi site, China.	kyushu university	Japan	China	Yang Bai
A Craft Perspective: The Production of Stone Artifacts at Sanxingdui	Peking University	China	China	Shiyu Xu (Dr.)
Belt Plaques' Production Process in the Jin Dynasty: A Look Through the Macro Lens	Waseda University	Japan	China	Liu Dekai (Dr)
The development of lead-barium glass in China; a review of the experimental and archaeological evidence.	The University of Sheffield	UK	China	David Montgomery

Investigating shared technological knowledge in production of Majiayao-style pottery	Univeristy of Oxford	UK	China	Evgenia Dammer
Bronze technology and bronze objects (China), Day 3 Room 3, (KST) 9:00 ~				
Lead isotope analysis of Shang period bronzes from Liujiashuang, Jinan: A discussion of highly radiogenic lead	Yale University	US /E	China	Qingzhu Wang
Interactive spheres of the artisans: seeing the late Shang artisans through the bronze vessel casting moulds	University of Toronto	Canada	China	Wen Yin Cheng
Forging Pathways of Return: The Afterlife Role of Bronze Shan-Character Mirrors in Chinese Chu Culture	Smith College	US /E	China	Yixuan Tang
The Making of Bronze, Frontier, and Empire: An Archaeometallurgical Case Study of Chenzhen (4th century BCE - 3rd century CE)	The Chinese University of Hong Kong	Hong Kong	China	Yuqi Xiao
A brief discussion of Ge you from Ningxiang and other related bronze vessels	The Institute for the History of Natural Sciences, Chinese Academy of Sciences	China	China	Jingjing Lu
Xiang Zun Vessels (象尊) in Shang period	Guangzhou Academy of Fine Arts	China	China	Xiyang Duan
